## **“Youth X Change in the Mediterranean”**

***A project to challenge our consumption behaviors and inspire responsible consumption choices***

**29 April, Beirut Lebanon**

### **SUMMARY REPORT OF EVENTS**

Following a series of launching events in Jordan, Tunisia, Egypt, Lebanon and Morocco, the Lebanese partners together with the UNESCO regional office and the National Commission requested to re-organise the workshop in Lebanon, and combine it with a training on the UNESCO KIT “Teaching and Learning for a Sustainable Future”.

The last day of the 3 day event (28-30 April) was actually a tree plantation at the outskirts of Beirut.

This follow up training manifests the willingness, interest and commitment of the Lebanese partners to youth x change initiative. The training took place at the UNESCO premises and some 30-40 educators participated.

The workshops of youth x change were coordinated by Ms Renee Aoun from Makhzoumi Foundation and Ms Iro Alampei from MIO/MEDIAES. The YXC kit was handed out to the participants.
